Dear Kiwanis of SIB,

Each year you generously give of your time to distribute brand new dictionaries to our third grade students. I must tell you that the teachers truly appreciate this gesture because it enables all the children to have the tools they need at their desk. As a result of this Kiwanis initiative, the students learn to appreciate reference materials and to use them regularly. Building enriched vocabularies is one of our goals at Sunny Isles Beach Community School and having access to dictionaries makes our job so much easier.

On behalf of all the children and teachers in third grade, I wish to extend a sincere thank you to the SIB Kiwanis. A special thank you to Fred Bergman and Lana Nudel for representing the Kiwanis at our school.

When the community works so closely with the schools, everyone benefits. I know your organization will continue to support education and foster strong community relationships. We look forward to your annual visits.

Sincerely,

Annette Weissman
