Resorts, dining, shopping, spas, nightlife, culture and home of the Sunny Isles Beach Jazz Fest ... *luxury and comfort await!*
The winter season brings cooler weather, time to spend with family and friends, and celebratory community events and cultural exchanges here in Sunny Isles Beach.

As an ever-evolving city, we plan our yearly calendar with great care to include the best events and programs for our residents and visitors. Since the Cultural Master Plan was adopted in 2016, our events division has been following the recommendations set forth based on extensive community research and analysis. From these recommendations, we expanded our cultural programming with Hispanic and Russian Heritage celebrations, and we introduced a quarterly performance series. Gateway LIVE! is bridging artistic barriers with new and exceptional performances each season.

Hosting our sister cities is always an exciting time as we share cultural traditions and strengthen the ties of our relationship. This December we are receiving our second visit from our sister city of Hengchun, Taiwan. Throughout their visit, we are hosting a number of activities and events, which you can find on our website at sibfl.net/events.

The cultural composition of our city is as diverse as it gets; our residents and visitors travel here from across the globe. Some residents have lived here for more than twenty-five years, before we were even a city, and others are new couples seeking to start their family in our corner of the county. The assortment of cultural representation in Sunny Isles Beach is unique. We value and respect each and every member of our community. We are a group of individuals with varied beliefs and opinions. We have our own histories, our own stories. But, together we form the extraordinary DNA that is Sunny Isles Beach.

No matter where you are from or how long you have been in our city, we have an event or program for you this season. You can view the complete winter events calendar by turning to page 22. I hope to see you all around the city in the coming months.

Sunny Isles Beach
Government Center
18070 Collins Avenue
Hours of Operation:
Mon–Sat, 10:00 am–4:00 pm
sibfl.net/visitor-center
305.792.1952
The Sunny Isles Beach Government Center, situated in a pedestrian-friendly area at the heart of the City, opened in January 2005.

Within the 54,000-sq.-ft. edifice is the Commission Chamber surrounded by a civic plaza, combining landscape, water, and contrasting building materials. The internal operations of the City are conducted in this building, and government meetings are generally held the third Thursday of each month.

Housed inside this vision you will find a satellite branch of the United States Post Office open Monday-Friday, brought through a partnership with the Federal Government, and the MDC Sunny Isles Beach branch library open Monday-Saturday, which offers an assortment of classes and programs in the City’s first floor meeting room.

The first floor is completed with a Visitor Center, supported by the Sunny Isles Beach Tourism and Marketing Council. The Visitor Center offers tourists and residents alike a wealth of resources for finding activities and events around South Florida. Sunny Isles Beach branded merchandise along with tickets for all events and programs are available for purchase as well.

Housed on the second floor of the Government Center is the SIB Police Department, open 24/7. Elevators from the lobby take visitors to the second floor during regular business hours, though after hours, the police department can only be accessed via the second level of the parking garage. Accident and crime reports may be requested at the records department.

The third floor of the Government Center provides residents, visitors and contractors information regarding code compliance, parking, building permits and business licensing.

The fourth floor is home to the City Commission; offices of the City Clerk and Manager; human resources department; and finance department. Constituents may make appointments to meet with their elected officials or request public records from the City Clerk.

STAY CONNECTED
SIB Wi-Fi on the Beach

We are fortunate enough that our beach is a popular destination even in the winter season. While you are enjoying the Atlantic views, take advantage of the City-provided Wi-Fi along the beach. We can proudly say that nearly the entire stretch of our beach has access to free City Wi-Fi. Seven out of the 10 lifeguard towers along the beach are equipped with solar powered units that serve as the access points for power. Two additional lifeguard stations will be equipped with solar panels in the future as one is in the process of being rebuilt and another is going to be moved. Once the work on these two lifeguard towers is finalized, there will be total Wi-Fi coverage along the beach. So, while you’re watching the waves, connect to SIBIWIFI and surf the Internet.
City Manager’s Quarterly Report

Sunny Isles Beach elevates city services by embracing technological initiatives

For the last several years, the City of Sunny Isles Beach has been breaking barriers and driving technological advancements to the forefront of our agenda. In late 2015, Mayor George “Bud” Scholl launched the Mayor’s Technology Initiative, challenging city staff to develop ideas to keep our city on the cutting edge of new technologies and conveniences that elevate our city services and improve quality of life. Among the numerous innovations we have unveiled, there are two particular projects raising our level of modernization to new heights. The first: implementing free Wi-Fi along the length of our beach, is already complete and proven to be successful. The second, undergrounding of fiber optic cable throughout the city, has been in development for several years, but is poised to provide great benefits.

We currently offer free Wi-Fi in nearly all city parks and facilities including the Government Center. As our namesake implies, the beach is one of our city’s top attractions. So naturally, offering free Wi-Fi for residents and visitors on the beach was the next step. To do this, we equipped seven out of the 10 lifeguard towers along the beach with solar powered units that serve as the access points for power and link the towers.

From conception to implementation, the project took just about a year, and we can proudly say that since 2018, nearly the entire stretch of our beach has access to free city Wi-Fi. Two additional lifeguard stations will be equipped with solar panels in the future as one is in the process of being rebuilt and another is going to be moved. Once the work on these two lifeguard towers is finalized, there will be total Wi-Fi coverage along the beach.

Another project, which will actually help improve the Wi-Fi on the beach, is the undergrounding of fiber optic cable throughout the city. Many of our staff work around the city in various locations, including City Hall and several of our parks. It is important for us to maintain solid, reliable communication across these work stations. This project will transfer the connection of our city’s primary locations from the existing wireless network to fiber optic cable. The notion of fiber optic cable was first introduced several years ago, however, the preparation that goes into a project of this magnitude requires extensive and comprehensive planning. We initiated the project in phases as other construction was occurring around the city. In order to incur the least amount of disruption to our residents, we mapped out all work taking place or scheduled to take place around the city. As you can imagine, this is a lengthy and laborious process.

Five years ago, we embarked on the Utility Line Undergrounding project, in which we began undergrounding the utility lines along Collins Avenue. As this undergrounding took place, we laid our own conduit, which would later be used to connect our facilities with fiber. This phase of the project is complete, but there is still additional undergrounding that must take place around the city.
The first completed piece of the project connected the Government Center to Pelican Community Park. The majority of our City employees and the bulk of our services and recreational programs are found in both of these buildings. We also have plans to connect five additional locations—Heritage Park, Newport Fishing Pier, Intracoastal Park, Town Center Park and Gateway Park.

With more robust and reliable connectivity, fiber optic cable will benefit the citywide CCTV camera project. This service currently feeds approximately 500 cameras throughout the city to our Police Communications Center and the Automated License Plate Reader (ALPR) System. City staff will also benefit from faster network connectivity in their work stations throughout the city. Additionally, the free public Wi-Fi we offer in our parks and now along the beach will improve with increased speeds.

We consider several determinants when deciding which projects merit an investment of time and money. Each project is researched and designed so the execution is seamless and efficient. Technology is always top-of-mind in Sunny Isles Beach as we work to provide accessible services to all residents. It is our staff’s drive and determination, along with support from the City Commission, that transform those visions and goals into reality. We are always looking toward the future, searching for the latest innovations that will propel our city to the forefront of the technological arena.

Everything About Sunny Isles Beach

We’re So Glad You Asked!

Visitors return yearly to our coastal beach oasis enjoying the walkable paradise with family-friendly parks, luxurious hotels and pristine beaches. This desirable location, with its proximity to the ocean, inspires many vacationers to make our city their permanent home.

Immediately apparent to those who visit Sunny Isles Beach, the quality of life here is second to none. With high-end homes, conveniently located retail stores, an assortment of community and recreational programs, and a free shuttle bus service, the city is an inviting oasis for visitors and residents alike. When you consider our award-winning Police Department, A-rated schools, and superior healthcare resources, there is no other city quite as alluring as Sunny Isles Beach.

We deeply believe working closely with schools and community organizations helps develop a well-rounded and cultured student. The city encourages students to further their education following high school with the College Scholarship Program.

Residential Areas
While we are well-known for the luxurious high-rise condos with ocean and city views along with unique developments and architecture, equally notable are the enclaves of single-family homes found at each end of the city and the lavish condos with breathtaking views to the west and on the Intracoastal Waterway. We are considered a walkable community and with the free shuttle bus service, you can comfortably leave your car in the garage to pursue shopping and dining along Collins Avenue.

Police in your Community
The Police Department is committed to proactive community policing. Officers are in the schools, on the streets, in the parks, and always there for you. You will often find them at city events providing important safety tips and promoting programs such as car seat installations, bike helmet fittings, and shred-a-thons.

In addition to providing quality health care, Mount Sinai Medical Center is committed to helping our community lead healthier lives. Visit msmc.com for a schedule of free health screenings and lectures.

Clean Water Campaign
We are committed to assisting and educating the community about our Clean Water Campaign. Our responsibility for clean water begins at home and continues in the workplace and the public spaces we enjoy. Visit our website at sibf.net/cleanwater to learn more about the following topics:
- rain water
- impacts of storm water pollution
- proper disposal of household products containing chemicals
- waste management
- materials storage
- landscaping and irrigation
- vehicle and equipment maintenance and washing
- loading areas and operations

Report illegal dumping into storm drains or waterways at the Miami-Dade County 24 Hour Emergency Hotline 305.372.6955 or email details and photos to: envtlcomplaints@miamidade.gov.
for your safety

Please review these guidelines to ensure a safer experience in Sunny Isles Beach for pedestrians, cyclists and vehicular traffic. The speed limit on both state roads, Collins Avenue and Sunny Isles Boulevard, is 35 miles per hour. The speed limit on all side streets in the City is 20 miles per hour. At designated times, in school zones, the speed limit is enforced at 15 miles per hour.

On the Road
- Texting while driving is now a primary traffic offense. Drivers are prohibited from utilizing any type of wireless communication device to type or send electronic messages while the vehicle is in motion, and prohibited from using any type of handheld communication while driving in a designated school zone or active construction area where workers are present.
- Remember: pedestrians always have the right-of-way.
- Use caution when turning and look both ways to ensure a pedestrian is not in a crosswalk.
- When the pedestrian crossing light is flashing, vehicles MUST stop; it’s the law.
- Vehicles must come to a complete stop in both directions when a school bus is stopped with flashing lights.
- No stopping or standing is permitted in driving lanes.
- Always wear a seat belt in the car.

On the Sidewalk
- Never assume a vehicle will stop for you; do not rely on drivers to see you.
- Walk on sidewalks and do not leave the curb suddenly.
- Cross at intersections with traffic lights featuring a lighted ‘walking person.’
- City Ordinance 2014-432 prohibits skateboards and hoverboards on sidewalks along Collins Avenue and Sunny Isles Boulevard.

On a Bicycle
- Bicyclists may ride on a marked bike path from Heritage Park in the north end of the City to Gateway Park in the south with only a short traverse onto Collins Avenue near Publix.
- Always wear a bike helmet properly.
- To be more visible to motorists use front and back flashing lights.
- Use hand signals when turning or slowing to a stop.
- While bicycles should have the right-of-way, make eye contact with drivers to understand their intentions.

What’s New
Government Center Pedestrian Crosswalk Light
- This completed crosswalk allows easy access to safely traverse Collins Avenue.

Government Center & 174 Street Pedestrian Bridges
- These two future bridges over Collins Avenue will provide a safe way to cross Collins Avenue back and forth from east to west.

THE MEANING OF PEDESTRIAN SIGNALS

Walking person symbol
Stays on about 7 to 15 seconds
ACTION: Walk briskly across the crosswalk.

Flashing hand symbol
Counts down by seconds
ACTION: Consider where you are before you take action. If you are in the middle of the crosswalk, keep walking briskly. If you are standing on the curb, stop. DO NOT start crossing; wait for the next walk signal. The flashing red hand tells you there is not enough time to begin walking.

NON-flashing hand symbol
ACTION: DO NOT WALK
Wait for the walking person signal to flash. Your safety is worth a few seconds more of wait time.

Our parks are meant to be enjoyed by all, and we hope bike days at the park will encourage more physical and outdoor activity.

We have many picturesque features that define our city: the beach, the pier, the high-rises east of Collins Avenue. But living in an urban city means we do not have an abundance of open areas for bicycle riders.

I am often asked why we do not allow children and individuals to ride bicycles in our parks. This is in large part due to safety issues. When walkers and bicyclists are both traversing and playing in a compact area, accidents can happen. We want to ensure all park goers can enjoy the facilities while preventing possible injuries.

But we understand the need for more physical activities in the parks. In a time when our children spend more time in front of a screen than outside, every moment of physical activity counts. And bicycles, scooters, and roller skates all provide excellent exercise opportunities.

We recently distributed an online survey seeking our park goers’ opinions on our facilities and parks. An overwhelming amount of responses showed the desire for residents to engage in the aforementioned wheeled activities in a safe, controlled environment. After listening to our residents, we introduced bike days at the park. Our first took place in October at Gateway Park and was well received. Therefore, starting in December, we will rotate bike days at Heritage Park, Town Center Park and Gateway Park, where children 10 years old and under with a parent are welcome to ride their bicycles and play. Remember to always wear a helmet and safety pads when joining us for bike days!

We love listening to our residents and learning what interests them. Our parks are meant to be enjoyed by all, and we hope bike days at the park will encourage more physical and outdoor activity. We will announce details about the upcoming bike days at the park on our website at sibfl.net/parks. You can also check our parks page for all of the amenities that each facility offers. I look forward to seeing you at the park this winter!

<tr>
<td>December 3</td>
<td>Tuesday</td>
<td>Bonnet House Sounds of the Season</td>
<td>Fort Lauderdale, FL</td>
<td>Frederic Clay Bartlett designed and built the historic Bonnet House as a winter retreat. It is one of a few home studios of American artists that is open to the public. Walk with a guide through the main house and hear the story of the Bartlett/Birch family. Afterward, take a 15-minute ride with a nature trail driver through the ecosystems of this 35-acre coastal wilderness while sharing information about the plants and animals found in the area. Ticket price includes transportation and tour. The bus arrives at the Govt. Ctr. at approximately 2:00 pm. Heavy walking is required.</td>
</tr>
<tr>
<td>December 21</td>
<td>Saturday</td>
<td>Painting at Trazos Art Academy</td>
<td>Fort Lauderdale, FL</td>
<td>Join us for a painting class extraordinaire led by an instructor from Trazos Art Academy studio, where guests can learn beginner or advanced painting techniques. Everything you will need to create your own beautiful work of art will be provided for you including, paints, brushes, easels, canvas, and aprons. As you follow the instructor through the process, you will finish with a handmade masterpiece to take home and display. Ticket price includes transportation, class and light refreshments. The bus arrives at the Govt. Ctr. at approximately 11:00 am. Light walking is required.</td>
</tr>
<tr>
<td>January 9</td>
<td>Thursday</td>
<td>Broward Center for Performing Arts Aladdin</td>
<td>North Miami Beach, FL</td>
<td>Audiences will discover a whole new world at this special production of Disney's Aladdin, the hit Broadway musical. From the amazing mind of the producer of The Lion King comes the timeless story of Aladdin, in a thrilling new production filled with unforgettable beauty, magic, comedy and breathtaking spectacles. It's an extraordinary theatrical event where one lamp and three wishes make the possibilities infinite. The show begins at 8:00 pm. Ticket price includes transportation and admission. The bus arrives at the Govt. Ctr. at approximately 4:00 pm. Light walking is required.</td>
</tr>
<tr>
<td>January 16</td>
<td>Thursday</td>
<td>Trazos Art Factory Mamma Mia</td>
<td>Fort Lauderdale, FL</td>
<td>Join us for a sweet day filled with chocolate at the Schakolad Chocolate Factory. The unique production system, using only the finest ingredients, has brought international awareness to this brand of fine chocolates. On this trip you will experience a chocolate making class, learn techniques from master chocolatiers, experience a guided tour through the factory, discover how the cocoa bean is transformed into a delicious treat, and have a sweet shopping experience! Ticket price includes transportation, class and tour. The bus arrives at the Govt. Ctr. at approximately 11:00 pm. Moderate walking is required.</td>
</tr>
<tr>
<td>February 6</td>
<td>Thursday</td>
<td>Mamma Mia</td>
<td>Coral Gables, FL</td>
<td>Mamma Mia is the ultimate feel-good musical and a sunny, funny tale of a young woman's search for her birth father on a Greek island paradise. On the eve of her wedding, a daughter's quest to discover the identity of her father brings three men from her mother's past back to the island after 20 years away. ABBA's timeless songs paired with exciting dance numbers turn this enchanting tale of love, laughter and friendship into one amazing show! Ticket price includes transportation and admission. The bus arrives at the Govt. Ctr. at approximately 11:00 pm. Moderate walking is required.</td>

Parks provide a chance for people to connect—where life long friendships are formed, where the gap between generations is bridged and people discover what they have in common. Parks foster a sense of community.

Most City parks feature free wireless internet access. All parks are equipped with a Thor Guard Lightning Prediction System that provides advance notice of lightning conditions. When activated, here is how the system works:

1. ONE long horn blast indicates possible lightning in the area
2. Get TO a safe indoor area immediately
3. THREE shorter horn blasts signal that it is safe to return to the park

Intracoastal Parks
159 to 163 Street, Collins Avenue

The Sister Cities International Program was initiated in Sunny Isles Beach in 2005. The program encourages the exchange of culture, tourism and commerce between the member cities. Sunny Isles Beach currently has four Sister City partnerships.

Hengchun, Taiwan

This historic tourist destination at the southernmost tip of Taiwan island features “Hengchun Old Town,” an archaeological site with four giant stone gates and a stone wall from the 1800s. In ancient times, the walls provided a means to defend against enemies attacking from the sea.

In present day, downtown Kenting visitors can enjoy the modern Shilin Night Market and visit Kenting National Park for a glimpse of Taiwanese rural life. The park is also the gateway to tropical beach resorts with blue waters, pristine beaches, 300 miles of bike trails, and activities such as body surfing and snorkeling. Pingtung County has a pure mountain-fed municipal water system enabling the town of only 30,000 to host more than one million tourists a year. For more about this amazing “Eternal Spring” destination, visit hengchuen.gov.tw.

Netanya, Israel

Netanya was the first city formed in the new state of Israel in December 1948. A host of historical sites offer glimpses of ancient history and demonstrate the genius of the inhabitants from 2,000 years ago. The modern city boasts beautiful beaches, wild cliffs, nature preserves and green parks. Visitors find an assortment of entertainment, culture and leisure options, such as coffee houses, restaurants, shopping, a lively market, movie theatres, art galleries, outdoor public events and festivals. For more information, visit netanya.muni.il.

Punta del Este, Uruguay

This tourist destination is known for its beautiful beaches, casinos, luxury hotels, spas, restaurants and nightlife. Its location on a peninsula accentuates the natural beauty of white sands, sparkling blue waters, dunes, islands and lakes, abundant wildlife and exotic botanicals along the Atlantic shoreline. Visitors can find many ways to spend their time, such as boating, visiting the beach, horseback riding, shopping, enjoying a round of golf or viewing fur seals or sea lions on Isla de Lobos. To learn more about Punta del Este, visit puntadeleste.gub.uy.

Taormina, Italy

This medieval town on the east coast of Sicily, Italy is known for picturesque cliffs overlooking the Ionian Sea. The historic city and destination for cruise ships was founded in the fourth century B.C.

Taormina is home to Europe’s largest active volcano, the Ancient theatre of Taormina, magnificent beaches, old churches, antique shops, lively bars and fine restaurants. Each June, for more than six decades, film industry greats gather at the Taormina Film Fest for one of Europe’s premier film festivals. For more information, visit comune.taormina.me.it.
